ENGINE OIL

Dynapac Products are equipped with engines that require engine oil for lubrication and cooling. The specific type and grade of engine oil will depend on the engine Dynapac recommendations. It is important to follow the Dynapac guidelines for oil change intervals and use the recommended oil to ensure optimal engine performance and longevity.

DYNAPAC HYDRAULIC 300

Dynapac hydraulic 300 have excellent viscosity control and works under huge mechanical and over a wide variation of temperatures. Provides great protection for equipment that is subjected to a varying temperature degrees while maintaining performance.

DYNAPAC GEAR OIL

It is a high quality automatic transmission oil, well suited for a wide range of heavy duty machinery transmissions. Dynapac Gear Oil is a synthetic based fluid with excellent performance with low maintenance requirements.

DYNAPAC DRUM OIL

Dynapac Drum Oil 1000 is the premium oil that should be used in drum cartridges on soil rollers and in drums on large vibratory asphalt rollers. Dynapac Drum Oil 1000 has a unique formula that will preserve the flexibility of the shaft seals, preventing the oil from leaking out of the cartridge/drum.

DYNAPAC COOLANT

It is an ethylene glycol based concentrate for heavy duty engine coolant/antifreeze that effectively give excellent corrosion protection, superior protection at very high operating temperatures.

DYN@LINK

Dynapac provides with Dyn@Link customers with a tool to monitor and manage their machine fleet efficiently and conveniently. The intelligent telematics system offers many possibilities to optimize fleet usage, reduce maintenance costs and save time and money.

3 VERSIONS AVAILABLE

The telematics Dyn@Link system is available in three versions:

- » Dyn@Link,
- » Dyn@Link Advanced and
- » Dyn@Link Pro.

All systems include the hardware with sim-card, webpage access and a 36-month data connection package, which can be extended after 3 years.

CUSTOMER BENEFITS

- » Better fleet management (location and geofencing) Dyn@Link Advanced and
- » Improved service planning
- » Quick remote service diagnostics
- » Customized alerts
- » Improved process control (fuel consumption)
- » Easy integration with existing customers fleet monitoring systems

DYN@LINK

GEOFENCE

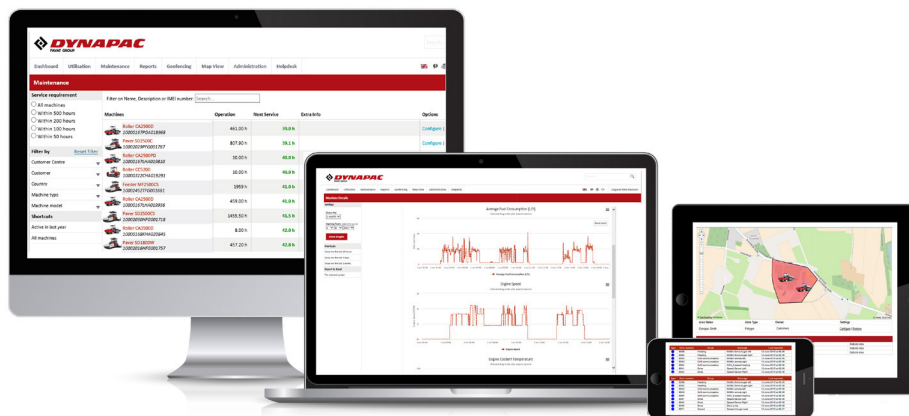

After setting up a geo-fence, the system automatically notifies Dyn@Link users when a machine enters or leaves a predefined area. Thanks to the geo-fence function in Dyn@Link, Dyn@Link users can keep track of the whereabouts of their machines, even when not logged in to the web page.

REPORTING FUNCTION

Dyn@Link allows users to set-up automatic reports on a daily, weekly or monthly basis. This provides useful information on fuel consumption, usage and service status to fleet managers and others.

ALL MACHINE INFORMATION AT A GLANCE

All machines, together with important information such as position, fuel and Ad-blue levels, service status and map view, are listed on the dashboard. Thanks to the online portal and the Dyn@Link app, users can access this information from anywhere and at any time.

SERVICE ALERT

PREVENT THE COST OF A BREAKDOWN

REGULAR MAINTENANCE PREVENTS COSTLY STANDSTILLS

Equipment breakdowns have a direct impact on your productivity. No production means no revenue, but the fixed costs stay the same, resulting in lower profitability. By avoiding breakdowns and increasing the reliability of your machine, you will be able to produce more per year, which will immediately improve your profitability.

PREVENTIVE MAINTENANCE PAYS BACK

- Timely intervention to avoid expensive breakdowns
- High quality maintenance also means higher resale value (residual value)

PREVENTIVE MAINTENANCE KITS

PREVENTIVE MAINTENANCE KITS

All in one box and tailored to match your equipment. Easy to obtain and attractively priced, our preventive maintenance kits contain all the parts required for the equipments scheduled maintenance program. When installed by one of our certified technicians, you keep equipment downtime to a minimum and its uptime to a maximum throughout its working life.
