[Dynapac](#) has selected [SMT](#) as its exclusive dealer for its road machinery product line-up in Great Britain. With a longstanding reputation for supplying and servicing road construction

equipment across Great Britain, SMT brings a highly skilled and knowledgeable team to support the partnership.

The two companies unveiled their new partnership to the public at the Hillhead earlier this year, where members of both the SMT and Dynapac teams expressed their enthusiasm and commitment to delivering exceptional customer service.

“Since the announcement at Hillhead of our exciting new partnership, there has been a lot of work in the background by a team of talented and dedicated people. It is clear that this is the right decision for SMT, Dynapac, and for our customers.” comments Mark Black, Managing Director of Dynapac UK.

**About SMT**

SMT is a leading full-service distribution company specialising in machinery and trucks for the construction, material handling, recycling, and transport industries. Launched in 2010, SMT has already obtained significant heritage that dates back to 1946, thanks to acquisitions. The company is active in 30 countries, including large parts of Africa, as well as Belgium, the Netherlands, Luxembourg, Great Britain, and the US (Texas and New Mexico), representing global brands such as Volvo Construction Equipment, Sennebogen, Dynapac, and Holms. In Great Britain specifically, SMT is the exclusive dealer of Volvo Construction Equipment, Dynapac, and K-Tec Earthmover products, as well as one of several Unicontrol dealers. In addition to delivering industry-leading product support throughout England, Scotland, and Wales, SMT provides a range of end-to-end efficiency and productivity boosting solutions, which ensure customer investments are protected and profits are maximised.
